Profile Page (Fragment)

- This is the Profile Page, where you can slide and go to My Games where you can see all your games and add new games that you are currently playing. You can

also Edit your profile details, by clicking on the edit button, all the elements on your screen will be editable and you can save it after that.

- You can upload profile picture from your gallery and by taking picture from your device camera.

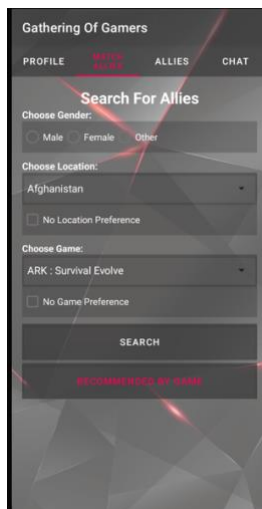

- **The My games fragment:**

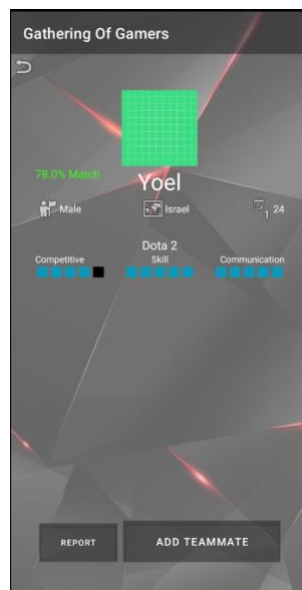

- When you click on Add Game, You will get back to the adding game page and you add new games.

- **Match Allies fragment:**

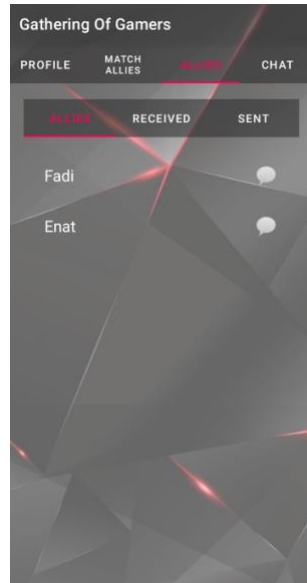

- This is the heart of our application; you can start searching for allies in this page by doing the following:
 - You can search by Gender.
 - Choose location, You can choose no location preference.
 - Search by game, and like the location, you can search with no game preference.
- We also have Recommendation System, That you have to choose game that you are currently playing and the system will recommend Players for you to add with a percentage match.

- After the players show on your screen, you can add the players, by sending them a friend request.

- **The Allies fragment:**

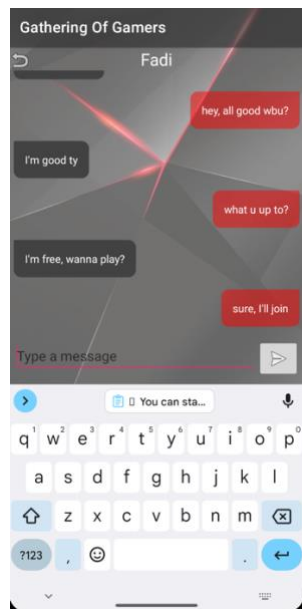

- You can check received friend request your sent requests, and your current allies.

- You can start chatting with your allies by clicking on the chat icon, the chat page will open.

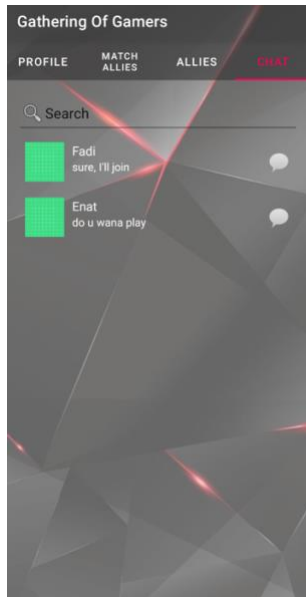

- **Chat Page:**

- You can start chatting with your allies in this chat page just like any chat.

- **The Chat fragment:**

- You can see all your chats that you did with your allies in this page.

For signing out you can click on the icon that you have on the top left corner on the profile fragment.
